P.G.E. MAY BE EXTENDED TO FINLAY FORKS

ARE AGREED ON SHARE OF RELIEF COST

Maximum of Thirty-Five Per Cent of Federal Proposition for Materials

TWELVE AGREEMENTS ARE NOW COMPLETED

VANCOUVER, Sept. 22 (CP)—A complete verbal agreement was reached between Senator Gideon Robertson, Federal Minister of Labor, and Premier S. Tolmie and Hon. R. W. Bruhn on the proportion of relief costs to be borne by the governments, here tonight.

The Federal Government will contribute 50 per cent of the total approved municipal relief projects and the Province will contribute 25 per cent, leaving as the cities' share 25 per cent.

RATIO OF MATERIAL

In no case is the cost of material used on these projects to exceed 35 per cent of the approved total, said Mr. Bruhn, in making the announcement.

"Agreement was reached on all essential points," Mr. Bruhn stated.

The conference with Senator Robertson resulted satisfactorily to provincial relief committees and agreements have been signed with twelve municipalities in the province.

A further conference will be held tomorrow afternoon between city officials and Mr. Bruhn.

7,300 MEN IN CAMPS

"Already 7,300 men are employed in camps," Mr. Bruhn said. He expected that this number will be increased as soon as accommodation is completed. Mr. Bruhn said that thirty-eight camps are now in operation and eighty-four are in course of construction.

Agreements reached with twelve municipalities amount to \$750,000. Included in the twelve are the following: Nanaimo, \$75,000; North Vancouver, \$132,000; West Vancouver, \$36,000; Princeton, \$20,700; New Denver, \$1,400; Salmon Arm, \$1,500; Fernie City, \$164,032; Richmond, \$100,000; and New Westminster, \$20,000.

MINISTER OF HEALTH INSPECTS HOSPITAL

VANCOUVER, Sept. 22.—A visit of inspection to Shaughnessy Military Hospital this morning was one of the chief items on the programme of the visit to Vancouver today of Hon. Murray McLaren, Dominion Minister of Health and Personnel.

Mr. McLaren arrived in the city this morning from Victoria, and is leaving tonight for the East.

Oppose Inclusion of Council Members in Salaries Committee

Two Resolutions Passed by B.C. School Trustees Protest Against Aldermen Having Any Voice in Question—Sponsored by Burnaby

CHILLIWACK, Sept. 22 (CP)—British Columbia school trustees, at their annual convention here today, went on record in two resolutions as unalterably opposed to allowing municipal councils to have any voice in the question of school teachers' salaries.

In both instances, Burnaby trustees were elected at large, whereas aldermen and councillors were in the majority of cases local representatives, consequently school trustees were more representative of the whole community and, in addition, had a thorough knowledge of teachers and their work.

EXTRAORDINARY EXPENSES

The second resolution opposing municipal affairs controlling school teachers' salaries, was sponsored by W. T. Winters, of Burnaby, and was merged with a similar resolution from Vancouver, submitted by Trustees Mrs. L. J. Mahon. This resolution, voted and amended by Section 14, Clause 1, of the Public Schools Amendment Act, whereby all increases in salaries of teachers, nurses and dental surgeons as payable at December 31, last year, except such increases as were provided for by the act, were to be made prior to that date, and all increases provided for after September 1, this year, which are not in accordance with schedules, shall be regarded as extraordinary expenditures.

Chinese Leader Sounds Warlike Note in Dispute

League of Nations Asks for Immediate Withdrawal of All Military Forces From Turbulent Area—Insurgents at Canton Ready to Present United Front

NANKING, Sept. 23 (AP)—The Nationalist Government was called upon to order a general mobilization in view of the Manchurian crisis at a mass meeting here today. It was estimated more than 100,000 attended the meeting.

NANKING, Sept. 22 (AP)—A warlike note against Japan was sounded today by General Chiang Kai-Shek, head of China's Nationalist Government, in addressing a mass meeting of protest against occupation of Southern Manchuria by Japanese troops.

If the League of Nations and the Kellogg pact signed at the recent peace conference between China and Japan, said Chiang, "and the National Government is prepared for a final and supreme struggle."

WILL LEAD NATION

"I shall lead the army and the entire nation," he said, "but in the fight for the preservation of our race, I shall go to the front, and, if necessary, fall with other patriots."

For Canton came word the insurgents had proclaimed its desire for peace with Nanking to present a united front "to deal with Japan."

LEAGUE TAKES ACTION

GENEVA, Sept. 22 (AP)—Representatives of China and Japan, members of the League of Nations today came into conference with diplomats of the larger European powers to seek measures for immediate retirement of both Chinese and Japanese military forces from the disputed area in Manchuria.

The move, made in response to a dramatic appeal by the Chinese spokesman, was supported unanimously by members of the League's council, who described it as the first step in the League's efforts to restore tranquillity in the vast Chinese empire. Recent developments have threatened the peace of nations."

URGE RATIO FOR SILVER

LONDON, Sept. 22 (AP)—A crowded meeting of public and business men, held under the auspices of the China Association in London, decided today to form a Silver Association. The meeting also urged a conference of Governments to consider a rearing of silver and restoring it to a place in the world's monetary system as the quickest way to stop falling prices.

BUYS GOLD AT PREMIUM

Ottawa Pays Bonus on Canadian Metal—Stops Postal Speculation

TORONTO, Sept. 23 (CP)—The Bank and Empire today carries the following special dispatch from its Ottawa correspondent:

"With the Federal Government compensating mining companies for the difference between Canadian and United States funds, virtually the entire production of Canada's gold is being paid into the hands of the Bank for use in settling the drop in the dollar in the New York market."

MONEY ORDER RUSH

"Official admission that the Canadian Government had to pay a premium on Canadian-mined gold, coupled with word of the Postoffice Department's hectic rush to prevent spending in money orders were the outstanding factors which were responsible for the record amount of gold sent yesterday as the dollar, sinking steadily, reached a new low of almost 10 per cent discount on Wall Street."

"With United States money at so much a premium, the mines, which usually have their shareholders' interests to protect, have sold gold in the States if Ottawa had not offered a premium, it was admitted. It is no new thing for a Canadian Government to be forced to pay something more than the Canadian dollar for a dollar's worth of gold."

KEPT BUSY

"The Post office Department has been on the jump, but nevertheless, according to reports now drifting in from outside centres, it did not act quite rapidly enough to stop certain shrewd citizens from turning a speculative penny on money orders."

Still in the middle of Monday afternoon, the rate of discount charged by the department on post-office money orders payable in United States funds was only 2 per cent. For several hours of that period, the discount rate at the market was more than 10 per cent.

In Toronto, it is reported, a number of traders grabbed up money orders at the 2 per cent rate and sold them immediately at the market rate. With no trouble at all, they made 3, 4 or 5 per cent even more—on the momentary investments."

EXPORT TRADE GROUP ACTIVE

Preparing Reports of Lumber, Fish and Agricultural Industries

Detailed reports from lumber, agriculture and fishery industries of the province will be laid before the first formal meeting of the market extension committee of the Canadian Agricultural Council, to be held in the fall.

It is understood that Atlantic fish exports, which were postponed as a result of the sea-men's "strike" at Invergordon, Scotland, may take place on a reduced scale off Portland.

The resolution submitted at the morning session by Mr. Dickson, strongly opposed inclusion of aldermen on committees on which it was to be appointed to the Board of the Admiralty tomorrow.

It is understood that Atlantic fish exports, which were postponed as a result of the sea-men's "strike" at Invergordon, Scotland, may take place on a reduced scale off Portland.

Mr. Dickson argued that school trustees were elected at large, whereas aldermen and councillors were in the majority of cases local representatives, consequently school trustees were more representative of the whole community and, in addition, had a thorough knowledge of teachers and their work.

The second resolution opposing municipal affairs controlling school teachers' salaries, was sponsored by W. T. Winters, of Burnaby, and was merged with a similar resolution from Vancouver, submitted by Trustees Mrs. L. J. Mahon.

This was the unanimous choice today of the Columbia school trustees, in convention here, as president of the association.

Other officers elected were: First vice-president, J. P. Dickson, Burnaby; second vice-president, E. Bush, Mission; secretary-treasurer, G. A. Chapman, Vancouver.

The executive of the association, consisting of two vice-presidents, Mrs. Paul Smith (Vancouver), A. G. Perry (North Vancouver), J. R. Keenlyside (Chilliwack), and D. Chapman (Kelowna).

LABOR HEAD SUPPORTED IN HIS VIEW

Trades Congress Backs Stand of Tom Moore of Soviet Goods Ban

AGAINST RESUMPTION OF DIPLOMATIC RELATIONS

VANCOUVER, Sept. 22—Backing the expressed view of their president, Tom Moore, delegates to the Trades and Labor Council here voted down a resolution from New Westminster railway Carmen calling on the Dominion Government to resume diplomatic relations with Soviet Russia.

Action was taken in the face of lively opposition from a minority some of whom criticized President Moore for his remarks at Toronto in commendation of the Federal Government's action in closing Canadian trade doors to certain Russian goods.

REITERATES STAND

After listening to the heated battle on the floor of the Congress the Trades and Labor Council, President Moore rose to reiterate his stand at Toronto and to read to delegates what he actually said on that occasion.

It is contended Mr. Moore's stand on the resolution meant a political alliance with Russia, then the congress should proceed with care. There is no prohibition of trade with Russia, but certain articles are barred because it is thought that such importation would be injurious to the interest of Canadian workers.

NOTHING TO GAIN

Russia, continued the president, has adopted the policy of not importing anything for consumption of their own people. They insisted on exporting products actually made by their own workers. French and other Canadian workers had nothing to gain.

TURBINE REPAIRS AT MILL CREATES SHORT CESSION

FOR hundred men yesterday were thrown out of work temporarily when a generator at the Victoria Lumber Company's plant in Chemainus burned out.

The mill will be idle for about two weeks while repairs are being effected, after which operations will be resumed on normal schedule and the entire staff will return.

Contrary to rumors, no one was injured and no damage was done beyond the burned-out armature.

BY WILLIAM H. STONEMAN
(Copyright, 1931, by The Chicago Daily News, Inc.)

ROME, Italy, Sept. 22.—Twenty-five giant Italian seaplanes of the S.S. type will circle the globe under the personal command of General Italo Balbo, Italian Air Minister, next Spring. It is learned today.

Fifty of Italy's airaces already are training for the flight. Orbello, the air base from which fourteen seaplanes of the same type started on the transatlantic flight to South America last Winter.

While plans for this flight are being kept secret, it is understood that the planes will make the trip from New York to Rome in a single hop to culminate the spectacular expedition.

FRANCE READY

Saturday, after consulting the Cabinet, French Premier Pierre Laval agreed with the Bank of France to issue a new British loan of \$25,000,000 (equivalent to 155,000,000 francs).

Meantime, however, the United States had taken a contrary decision, and Great Britain felt unable to depend upon French help alone which, moreover, was contingent on the United States giving similar help, and the die was cast.

WAVE HITS TORONTO

TORONTO, Sept. 22 (CP)—The city almost melted again today in a new wave of heat. The mercury shot up with alarming rapidity till it reached 85. In schools, children were so affected by the damp heat that some of them became ill and had to be sent home.

TITHING TO ASSIST NEED

United Church Presbytery Here Endorses Moderator's Appeal for Help

Endorsement of a "challenge extraordinary" to meet the need of the church, in the extremity of her financial problems, and particularly to carry aid to the people of the Prairie Provinces who have been so severely by drought conditions during the present summer.

The outstanding features of the afternoon session of Victoria Presbytery of the United Church yesterday.

This challenge, issued by Dr. E. H. Old, moderator for Canada, to the sub-executive of the general council, makes recommendations calling for heavy tithing of officers, ministers, field secretaries, missionaries and laymen of the church throughout Canada with a view to reaching the \$40,000 which the church estimates will be required this year over and above the ordinary needs of home missions.

While everyone was in sympathy with the spirit of the appeal, some of the ministers testified that their congregations would be quite unable to meet the challenge in the present time owing to the serious conditions in their own districts and the real need of many of the people. Rev. E. F. Church, pastor of Metropolitan, but recently of Victoria, spoke from personal knowledge of the poverty and destitution which prevails in many parts of the Prairies there. Families he had known had subsisted for weeks on nothing but boiled thistles.

Beyond Expectations
Rev. W. A. Guy, of Oak Bay United Church, who introduced the matter in connection with the report of the general council, and the moderator of the colonies, the church has ever so moved his congregation as this appeal, and told about the immediate and generous response which had taken place in church and clothing.

A total of \$356,000 was spent in the Prairie Provinces by the home missions and other departments last year, and this year's needs, it was stated, are much greater, with an estimated falling off of \$226,000 in their giving, they would need about \$100,000 for additional grants and for the former self-supporting charges.

The recommendations in the Moderator's challenge asked that in addition to regular giving, the officers of the church appointed by the general council, and the moderator of the colonies, the church give ten per cent of their salaries for one year; that ministers with salaries from \$3,000 and upwards, with manse, give 10 per cent for one year; that field secretaries and superintendents of missions give 10 percent for nine months; that missionaries give 10 per cent for nine months from \$2,000 to \$3,000, with manse, give ten per cent for six months; that ministers and missionaries with salaries under \$2,000, with manse, give 10 per cent for three months; that lay members give at least 10 per cent of their income for three months, and that Sunday schools seek to make an extra contribution, averaging at least one dollar per average.

It was pointed out that the effect of this would be to tax the ministers 40 per cent more than the laymen.

EMERGENCY RELIEF

"While the primary duty of the church is to supply the people in the destitute areas with the services of the church, a national committee has been formed to secure and distribute clothing," the report noted. Rev. W. F. Burns, of Duncan, chairman of the home mission committee, gave an interesting report at the afternoon session. This was supplemented by a statement by Dr. George Wilson, superintendent of missions, and the report of tentative programme for men's relief camps, a scheme emanating from the United Church, but having interdenominational support. The recommendations are to be carried by special committee to the Hon. R. W. Burns this morning.

It is suggested that the work be known as Camp Christian Service League, among the objectives being an attempt to meet the needs of the men in guidance in personal problems, to make available opportunities for the making of wholesome and helpful occupation for the men during their leisure time.

The committee made a recommendation to the sub-executive of the general council, makes recommendations calling for heavy tithing of officers, ministers, field secretaries, missionaries and laymen of the church throughout Canada with a view to reaching the \$40,000 which the church estimates will be required this year over and above the ordinary needs of home missions.

Guy, of Oak Bay United Church, who introduced the matter in connection with the report of the general council, and the moderator of the colonies, the church has ever so moved his congregation as this appeal, and told about the immediate and generous response which had taken place in church and clothing.

A total of \$356,000 was spent in the Prairie Provinces by the home missions and other departments last year, and this year's needs, it was stated, are much greater, with an estimated falling off of \$226,000 in their giving, they would need about \$100,000 for additional grants and for the former self-supporting charges.

The recommendations in the Moderator's challenge asked that in addition to regular giving, the officers of the church appointed by the general council, and the moderator of the colonies, the church give ten per cent of their salaries for one year; that ministers with salaries from \$3,000 and upwards, with manse, give 10 per cent for one year; that field secretaries and superintendents of missions give 10 percent for nine months; that missionaries give 10 per cent for nine months from \$2,000 to \$3,000, with manse, give ten per cent for six months; that ministers and missionaries with salaries under \$2,000, with manse, give 10 per cent for three months; that lay members give at least 10 per cent of their income for three months, and that Sunday schools seek to make an extra contribution, averaging at least one dollar per average.

It was pointed out that the effect of this would be to tax the ministers 40 per cent more than the laymen.

EMERGENCY RELIEF

"While the primary duty of the church is to supply the people in the destitute areas with the services of the church, a national committee has been formed to secure and distribute clothing," the report noted. Rev. W. F. Burns, of Duncan, chairman of the home mission committee, gave an interesting report at the afternoon session. This was supplemented by a statement by Dr. George Wilson, superintendent of missions, and the report of tentative programme for men's relief camps, a scheme emanating from the United Church, but having interdenominational support. The recommendations are to be carried by special committee to the Hon. R. W. Burns this morning.

It is suggested that the work be known as Camp Christian Service League, among the objectives being an attempt to meet the needs of the men in guidance in personal problems, to make available opportunities for the making of wholesome and helpful occupation for the men during their leisure time.

The committee made a recommendation to the sub-executive of the general council, makes recommendations calling for heavy tithing of officers, ministers, field secretaries, missionaries and laymen of the church throughout Canada with a view to reaching the \$40,000 which the church estimates will be required this year over and above the ordinary needs of home missions.

While everyone was in sympathy with the spirit of the appeal, some of the ministers testified that their congregations would be quite unable to meet the challenge in the present time owing to the serious conditions in their own districts and the real need of many of the people. Rev. E. F. Church, pastor of Metropolitan, but recently of Victoria, spoke from personal knowledge of the poverty and destitution which prevails in many parts of the Prairies there. Families he had known had subsisted for weeks on nothing but boiled thistles.

Beyond Expectations

Rev. W. A. Guy, of Oak Bay United Church, who introduced the matter in connection with the report of the general council, and the moderator of the colonies, the church has ever so moved his congregation as this appeal, and told about the immediate and generous response which had taken place in church and clothing.

A total of \$356,000 was spent in the Prairie Provinces by the home missions and other departments last year, and this year's needs, it was stated, are much greater, with an estimated falling off of \$226,000 in their giving, they would need about \$100,000 for additional grants and for the former self-supporting charges.

The recommendations in the Moderator's challenge asked that in addition to regular giving, the officers of the church appointed by the general council, and the moderator of the colonies, the church give ten per cent of their salaries for one year; that ministers with salaries from \$3,000 and upwards, with manse, give 10 per cent for one year; that field secretaries and superintendents of missions give 10 percent for nine months; that missionaries give 10 per cent for nine months from \$2,000 to \$3,000, with manse, give ten per cent for six months; that ministers and missionaries with salaries under \$2,000, with manse, give 10 per cent for three months; that lay members give at least 10 per cent of their income for three months, and that Sunday schools seek to make an extra contribution, averaging at least one dollar per average.

It was pointed out that the effect of this would be to tax the ministers 40 per cent more than the laymen.

EMERGENCY RELIEF

Transpacific Ship Reaches Port After Uneventful Voyage

President Cleveland Brought Light Passenger List—Damsterdyk Due Tomorrow—Steamship Lines Announce Excursions

From Orient ports, the American Mail Line Ss. President Cleveland, Captain George W. Yardley, U.S.N.R., commander, berthed alongside Rithet Piers shortly after 8 o'clock yesterday morning and after discharging seven steerage passengers and unloading 250 tons of general cargo, left for Seattle at 12 o'clock. The President Cleveland brought 129 travelers across the Pacific, eighteen of whom were first class, and three special passengers, all of whom were on an extended visit in China and Japan.

Included in the list of passengers aboard the President Cleveland were Miss Helen Davis, daughter of the Governor-General of the Philip-

pine Islands, returning to her home in Washington; Miss Josephine Shaughnessy, Washington, accompanying Miss Davis; H. A. Burgers, manager of the Imperial Steamship Lines, Canada, Manila en route to the United States on business; G. J. Pollard, sales manager of the National Biscuit Company, Los Angeles, returning from a combined business and pleasure tour of the Orient; and Dr. G. L. Reedy, Oakwood, who had been on an extended visit in China and Japan.

Other travelers were Frank J. Klabouker, a logging engineer for the James D. Lacey Company, Seattle, who had been investigating lumber conditions in the Philippine Islands; L. N. Quinton, formerly of Victoria, manager of the Firestone Tires, Rubber Company, en route to Akron, Ohio; M. R. Taylor, engineer for the Empire Electric Company, Cleveland, returning from a business visit to Japan; and Goddard Jong, president of the Yuon Company, New York, proceeding East after an extended visit to Hongkong.

Scheduled to arrive here on September 27 from Rotterdam and London, the Holland-America motor liner, the *Prinses Juliana*, A. J. Jochems, left San Francisco at 5 o'clock Monday afternoon, and is looked for alongside Ogden Point Piers first thing tomorrow morning, according to advice received by Adam Moffat, local agent of the Dutch vessel. The *Prinses Juliana* has 115 tons of general cargo for discharge here, and will load 200,000 feet of lumber for Europe before proceeding to Mainland ports.

The Black Ball Ferry line will continue to maintain a regular service during the Summer months, until today week. There will be excursions today at the same time and the same rates as have applied throughout the season, and the same conditions will apply on the last two days.

From Seattle for California ports, the Pacific Steamship Company's coastal liner Ss. Dorothy Alexander will arrive at Rithet Piers this evening, and after embarking local passengers, will sail on her Southern voyage.

To freight oil and fish meal from the reduction plants on the West Coast of Vancouver Island, the Nootka, of the B.C. Coast Service, left port several days ago.

Another attractive tour to the South Seas is planned for the year after the New Year, from Victoria and Vancouver has been announced by Thomas Cook & Company. The programme, entirely unique in its offerings, includes Hawaii, the Fiji Islands, the Tonga or Friendly Group, the Samoan Group, New Zealand, Australian Cook Islands and the Society Islands.

Tour members will be accommodated on the palatial Canadian Australasian liner Niagara, a half interest in which the Canadian Pacific recently acquired, thereby adding many more popular ocean ports to the itinerary already planned by the company's large fleet of liners. The sailing date of the Niagara from Victoria will be January 6, and the tour will occupy three months.

OPIMUM AND CHINESE

The schooner Marabella, now the object of an intensive search by the customs authorities of the Pacific Coast, has from Hongkong to July 26 with 120 Chinese men, who paid \$2,000 gold each to be landed in the United States. It was understood the vessel was to pick up a number of girls, who paid a higher price than the men. The ship also had 40,000 taels of opium, it is stated.

Another cruise to leave this coast after the first of the year will go to historic spots there before proceeding to China and Japan. This cruise will leave Seattle and Victoria on the Ss. President Taft, of the American Mail Line, according to Leslie Peeling, acting agent here for the company, yesterday, on February 6.

Their Excellencies' Son Is Christened at Ottawa

Sir Robert Borden Stands Proxy for His Majesty the King at Baptismal Service of Governor-General's Baby

OTTAWA, Sept. 22 (CP)—Marked by the simple dignity of the Christian baptismal ceremony, the christening of George Edward Neville, infant son of Their Excellencies the Governor-General and Lady Bessborough, took place this afternoon in Saint Bartholomew's Church in the shadow of

Bideau Hall. The ceremony was performed by the Rt. Rev. the Bishop of Ottawa, assisted by Rev. H. E. Clark, rector of the little church where every Governor-General since Confederation has worshipped.

His Majesty was represented by Rt. Hon. Sir Robert Borden; Lady Clark, wife of Sir William Clark, stood for Mrs. Bessborough. Hon. Mrs. Neville, wife of the private secretary to the Governor-General, stood for Mrs. Neville Flower, sister-in-law of His Excellency, and the child's elder brother, Lord Duncannon, for Lord Stanley, M.P.

ST. ANN'S
Commercial Classes

The Sisters of St. Ann conduct a fully modern training department for young ladies in the following subjects:

The classes deal with every branch of commercial operations in which a girl may be employed, including the use of the typewriter, stenography, typewriting and the general work of the average office.

The students receive a thorough training and are appointed to the larger numbers of graduates of St. Ann's who occupy responsible positions throughout the Province.

The Dominion Civil Service:
The Provincial Civil Service:
The Canadian Pacific Railway Co.;
Banks; Commercial Houses;
Law Offices;
Special Secretarial Course for
Mature Students.

Civil Service Examinations prepared
for successfully.

St. Ann's High School Standard
or its equivalent, lowest scholarship
admitted.

References will be cheerfully given to
present employers of pupils from these
classes.

Terms for course of tuition reasonable.

9.5% from parents or employers is
always welcomed by the Sisters.

Ladies' Ready-to-Wear

represented the citizens of Canada at the ceremony. Members of the Cabinet, the Senate and the House of Commons who were in Ottawa, the diplomatic corps and representatives of the Army, the Navy and the Air Force were among the 275 guests in the church. A dinner for 400 guests was held at Government House after the christening.

THE SERVICE

The ceremony opened with the hymn, "Christ, Who Once Among Us as a Child Did Dwell." Then came the Bishop of Ottawa, assisted by Rev. H. E. Clark, rector of the little church where every Governor-General since Confederation has worshipped.

His Majesty was represented by Rt. Hon. Sir Robert Borden; Lady Clark, wife of Sir William Clark, stood for Mrs. Bessborough. Hon. Mrs. Neville, wife of the private secretary to the Governor-General, stood for Mrs. Neville Flower, sister-in-law of His Excellency, and the child's elder brother, Lord Duncannon, for Lord Stanley, M.P.

After the Lord's Prayer and exhortation, the congregation joined in the prayer of thanksgiving.

Sir Robert Borden and Lady Clark answered for the child, and Lady Clark gave the child into the hands of the Bishop for the pronouncing of the words of baptism.

After the baptism, the infant was dressed and brought him back to the nurse after the christening.

After the Lord's Prayer and exhortation, the godfathers and godmothers, the congregation sang "I Love to Hear the Story Which Among You and Me is Told." His Excellency and the child's elder brother, Lord Duncannon, for Lord Stanley, M.P.

After the baptism, the infant was dressed and brought him back to the nurse after the christening.

VICEREGAL PARTY

The Viceroyal party was met at the door of the church by His Lordship and the rector. After the singing of the opening hymn, the party proceeded to the vestry, which is situated at the opposite end from the altar. The party included Lord and Lady Bessborough, the two godfathers and godmothers, Lady Morda Ponsonby and Lord Duncannon, and the infant, who pronounced the benediction.

The congregation stood throughout the ceremony.

SURPRISE PARTY

A surprise party was given on Monday evening by Mrs. E. V. Dawkins, 104 Palmside Road, in honor of Miss Jean Cox, on the occasion of the latter's birthday.

The rooms were beautifully decorated with flowers and an enjoyable evening was spent in merriment.

REFRESHMENT PARTY

The Viceroyal party was met at the door of the church by His Lordship and the rector. After the singing of the opening hymn, the party proceeded to the vestry, which is situated at the opposite end from the altar. The party included Lord and Lady Bessborough, the two godfathers and godmothers, Lady Morda Ponsonby and Lord Duncannon, and the infant, who pronounced the benediction.

The congregation stood throughout the ceremony.

Children's Party

The Viceroyal party was met at the door of the church by His Lordship and the rector. After the singing of the opening hymn, the party proceeded to the vestry, which is situated at the opposite end from the altar. The party included Lord and Lady Bessborough, the two godfathers and godmothers, Lady Morda Ponsonby and Lord Duncannon, and the infant, who pronounced the benediction.

The congregation stood throughout the ceremony.

ENTERTAINMENT

The monthly tea was held at the Alexandra Ladies' Club yesterday afternoon, when a delightful musical programme was enjoyed.

Mrs. M. Wheatley was convener of the programme, and Mrs. Robert Baird sang "If Thou Wert Blind" and "I'm a Little Teapot." Misses E. and M. Dawson, Misses Hazel, Gladys and Evelyn Jones, Misses Mary and Dorothy Ralfe, Mrs. C. and Mrs. M. McMillan, Misses Bert Ralfe, Wilfred Pendray, Buck Jones, Ralph Lancaster and John Harris.

Fashion Show Plans Progress

The Margaret Rocke Robertson Chapter, I.O.D.E., is meeting with hearty co-operation in its forthcoming fashion show and cabaret which will hold at the Empress Hotel on September 30. There will be two performances, one in the afternoon and the other in the evening, and tickets will be marked accordingly.

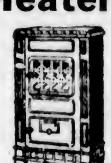

Are you interested in your address to the secretary?

11. Are you interested from undesirable guests by a refusal to accept any kind of business at any rate and by insistence on quiet after 11 p.m.?

Check these points carefully. They are your reasonable requirements, and they can be satisfied.

At the Playhouses

PLAYHOUSE COMPANY WILL OPEN MONDAY

Monday evening next will see the Victoria premiere of the G. Donald Gray Stock Company at the popular Playhouse Theatre on Yates Street. The company will be headed by Chauncey Olcott's well-known "The Isle of Dreams," with which the great Irish actor and singer toured Canada and the United States several seasons ago. Donald Gray, the popular young film actor, will have the leading role and will be heard in a number of favorite Irish selections that are bound to prove popular with Victoria audiences.

BILLIE BURKE WELL SUITED FOR COMEDY

AMUSEMENTS

On the Screen
Capitol—Doug Fairbanks, Jr., in "Chances."

Coliseum—"Tell England," starring Tony Bruce.

Columbia—Paul Whiteman in "The King of Jazz."

Dominion—"The Smiling Lieutenant," featuring Maurice Chevalier.

Playhouse—Jeanette MacDonald in "Oh, for a Man."

International Pictures' screen masterpiece, "Atlantic," was taken from "The Berg," a play by the same author. There is no doubt that those who have enjoyed Raymond's book and appreciated his message, will welcome this opportunity of seeing it in pictorial form.

PLAYHOUSE During the World War, Donald Denby, co-featured with Jeanette MacDonald in the Fox movie production, "Oh, for a Man!" now playing at the Playhouse Theatre, was a lieutenant in the 28th London Royal Flying Corps and did some flying and anti-aircraft flying with the 112th Squadron at Hornchurch, Essex, as an observer and machine gun operator.

CAPITOL Channel scenes showing the English and French coasts in "Chances," the first National war romance, starring Douglas Fairbanks, Jr., now at the Capitol Theatre, were taken in the hill country near Santa Barbara, California. The scenes were specially for the noted beauty and grace of Florenz Ziegfeld, and will present her in the place at the Royal Victoria on September 28 and 29.

MISS Burke has had luck in finding the right kind of play. For such stars as Miss Burke require something of a room with a view and with a sun shining from behind the cliffs for morning in France, and full on them for the English afternoon. "Chances" is an adaptation of A. Hamilton Gibbs' great novel.

Dominion Always a stickler for detail, Ernst Lubitsch, the director who made "The Love Parade" and "The Patriot," added to the list of attractions by bringing a stage at the Paramount New York studio paved with cobblestones to represent a courtyard for "The Smiling Lieutenant," the new Maurice Chevalier picture which the Dominion Theatre is now showing.

COLUMBIA In addition to the feature "King of Jazz" the management have engaged a new variety act, Cheeky and Randal, who are a smart couple displaying plenty of versatility. They present songs, duets, dances, funny gags and instrumental items. Their act is received with great acclaim night after night. Those who are too tired to see the stars are advised to see this very amusing pair.

NOTED SOPRANO WILL
BE HEARD SATURDAY

Ethel Codd Luening, lyric soprano, who will be heard in recital on Saturday evening in the Shrine Auditorium, has recently been heard in concerts at Banff in connection with the Highland Gathering. Those who were fortunate enough to hear this famous coloratura artist will remember her brilliant performances for years to come.

Otto Luening, who will accompany his wife at the piano, will play several flute obligations. Mr. Luening has played flute with Nikisch and Richter Symphonies in Europe, and addition is a musical director and composer.

Miss Luening has promised to sing some of the Scottish songs of the Hebrides, by the late Marjorie Kennedy-Fraser, one group of songs being "O Whistle and I'll Come to You," "Bonnie Wee Thing" and "The Laird o' Cockpen."

TORONTO MAN ELECTED
HEAD OF INDEPENDENT
ORDER OF ODD FELLOWS

WINNIPEG, Sept. 22 (CP)—Joseph Powley, was today installed as grand sire and commanding chief of the International Order of Odd Fellows. During the past year, Mr. Powley has filled the post of deputy grand sire, and his promotion to the highest office in the order followed as a matter of course at the meeting of the Supreme Grand Lodge here.

After a stiff election contest, which required a second ballot, W. F. Jackson, Fort Scott, Kansas, was elected deputy grand sire.

J. Edward Kroh, Baltimore, Md., and George W. Stark, grand treasurer, and Edgar B. Pohle, Baltimore, assistant grand secretary, were also returned to office for another term.

LOUGHREN DECISIONS J. SEKYRA

Philadelphia Heavy Jabs
Way to Victory in Ten-Round Match

15,000 WATCH HARD ENCOUNTER

NEW YORK, Sept. 22 (AP)—Tommy Loughran, Philadelphia's dancing master, jabbed his way to a victory on points over Joe Sekyra, Dayton, Ohio, heavyweight, in ten rounds at the Queensboro Stadium tonight. Loughran weighed 183 pounds, Sekyra 177.

Loughran, a heavy favorite as a result of his recent victories over Max Baer, Ernie Schaaf, Tuffy Griffiths and Victorio Camponi, was hard pressed to beat back the determined challenge of the Dayton Bomber.

Sekyra made a fight of it all the way and in the seventh round had Loughran in distress with a hard right cross to the jaw. With a pos-

sible knockout in sight, the Ohioan charged in with both fists and gave the Philadelphia veteran a bad beating about the body.

Loughran, however, weathered the storm and in a majority of the other rounds put up a heavy margin on points with his famous left hand. Only in the sixth and tenth rounds did Tommy flash any of the punching power that so surprised the experts in his match with Camponi.

He hurt Sekyra with rights in the sixth round and had the Dayton trial horse bewildered with a two-fisted attack in the tenth. There were no knockdowns.

A crowd of close to 15,000 saw the show.

PROVINCE ASKING OTTAWA TO SHARE COST OF WORK

Continued from Page 1

excess of any that might be developed in the work of connecting Whyncliffe, an Howe Sound, with Squamish was undertaken as a relief measure. At present freights from the P.G.E. are moved from Squamish to Vancouver by railway barge and thus a connection already exists.

Complete plans and estimates of costs of the projection of the rail road from Quesnel to Finlay Forks are in the hands of the engineer and committee who will confer with R. H. Horn, R. G. Macbeth and Hon. H. H. Stevens at Ottawa today.

Seckyra made a fight of it all the way and in the seventh round had Loughran in distress with a hard right cross to the jaw. With a pos-

itive pass.

The designation of Finlay Forks as the objective of the extension definitely establishes that the recent construction reconnaissances conducted to the northeast of Prince George have decided that the Peace River line will end at either the Pine or Monman Passes, which from time to time have been advanced as entry points to the Peace River.

No intimation has been given by the Government as to plans to continue the Peace and traverse the block, but these have already been considered, and it is expected that if Ottawa gives favorable consideration to the arguments advanced today for Peace River extension, the unemployment scheme will be extended to the extension of the railway, the future transportation system for the great grain-growing areas of the Peace River will be disclosed.

In anticipation of an early penetration of the district by a railroad, hundreds of settlers have gone into the Peace country, both in the British Columbia and Alberta sections, in the past year.

RICH AREA

VANCOUVER, Sept. 22.—Materialization of the project will be the biggest thing that could happen to British Columbia, Colonel Spencer, M.P., asserted tonight as being acquainted with the Premier's announcement.

Colonel Spencer stated completion of the P.G.E. line to Finlay Forks will tap a vast area potentially wealthy in mineral, forest, land, pulpwood and timber.

He predicted that as soon as the line reaches Finlay Forks it will begin to pay operating expenses. "The P.G.E. will be translated from a material into a big asset," he declared.

The entire project is estimated to cost less than \$10,000,000, including construction of necessary stations, water tanks and telephone and telegraph lines. The P.G.E. also will be able to operate the proposed continuation of the line, Colonel Spencer stated.

The project, Colonel Spencer explained, contained the proposal

British Experts at Motorboat Race

RED Cooper (left), designer of the Miss England II, and Michael J. Willcocks (right), engineer for the late Sir Henry Segrave and Kaye Don, who are pictured above as they arrived at Montreal on the Ascania to witness the Harmsworth Trophy races at Detroit. Willcocks was the lone survivor from the boat when Sir Henry Segrave lost his life on Lake Windermere.

>>> *brings*

Tokio · Pittsburgh · Toronto
Schenectady · · · The great
North American and Foreign
Short Wave Stations *day and night*

with the **NEW**
SHORT-LONG WAVE
RADIO *available October 12th*

Short wave reception . . . the "thrill band" of radio . . . is now brought to your home by Marconi, radio's pioneers and recognized greatest experts.

For little more than the cost of a set that gives you ordinary reception, you can now own one of these marvellous new Marconi Short-Long Wave Receivers that brings the World to your finger-tips:

Switch from the local and distant broadcasting stations you regularly hear, to Tokio and other famous International short wave stations. Enjoy daylight reception of the great North American short wave stations.

This is FULL TIME RELIABILITY as only Marconi can give it . . . the FULL TIME RELIABILITY of the

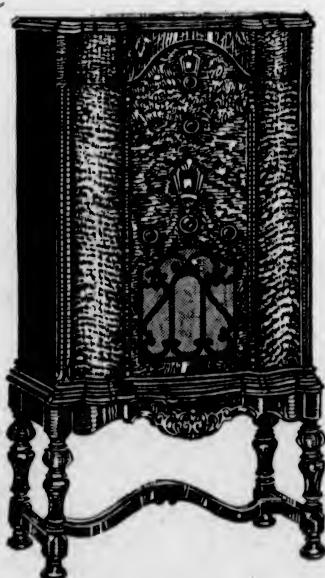

commercial and marine short wave radio fields where Marconi has long stood alone.

Through all the years of radio, Marconi has pioneered in short wave work. Marconi first brought His Majesty the King's voice across the Atlantic by short wave. Short wave and Marconi brought His Holiness the Pope into vocal contact with millions of Canadians.

Short wave means FULL TIME RELIABILITY. Marconi has it for you today in this epoch-making Short-Long Wave Receiver . . . built to a price that amazes.

On demonstration and available for purchase, October 12th. Wait until you see and HEAR it.

NEW INDUSTRY FOR NANAIMO

Company Plans Construction of Woodworking Plant — Seeks More Land

NANAIMO, Sept. 22.—At the regular meeting of the local council last evening a letter was received from Percy G. Sills, president of the Nanaimo Woods Products, Ltd., who stated that the company had acquired the retail business of the Nanaimo Lumber Co. and was in the intention of launching an industrial development plan, but found on making a survey that the land the company owns is not large enough to accommodate the buildings required. He asked the council for favorable consideration to the application from the company to purchase Lots 4 and 5, which adjoin their holdings.

The company is under obligation to dismantle and remove the old factory, which will be necessary to expand immediately a considerable sum on constructing and equipping a modern woodworking plant. Should the negotiations with the city be successful and thus allow of a larger factory, it would give employment to a large number of

Nanaimo men. The letter was referred to the parks and properties committee for investigation.

DAM NEARS COMPLETION

When the report of the list of the men working at the dam was read by Alderman Dixon said that he had been informed that several Ladysmith men were listed as Nanaimo men, and would look into the matter this week. They could not blame the engineer, as he did not know where the dam was located, and if he gave their address as Nanaimo they were doing so under false pretences.

Alderman Barsby also reported that he thought the work at the dam would be near completion at the end of the month.

According to information received from the Deputy Minister of National Defense, H.M.C. and M.G.S. Vancouver will be held October 1, and will be conducted by the Canadian Legion.

Mr. W. A. Barnard, president of the Canadian Legion, has been invited to speak at the opening of the Canadian Legion hall at Nanaimo, October 9 to 13.

INVITATION RECEIVED

George Barclay, secretary of the Nanaimo branch, Canadian Legion, sent an invitation to the mayor and council to attend the meeting of the legion to be held October 1, to be opened by T. A. Barnard, president of the national convention of the legion at Niagara Falls recently.

The mayor informed the council he was leaving tomorrow for a two weeks' holiday, and that an acting mayor should be appointed. On motion, Alderman Barsby was ap-

CATTLE POISONED

WILLIAMS LAKE—Charles Moon, of Deer Park Ranch, Chilcotin, lost eleven head of show cattle through poisoning. Last year Mr. Moon purchased another quarter section and the previous owner had left a bottle of grasshopper poison in the trough. The dead cattle spewed the contents of this, with dire results to themselves. These cattle were to have been exhibited here this week.

THE DOT CARTOONIST, BY GEORGE BELL
You can tell Morganhaler is not in the water of his own free will. How then, did he come to be found twelve miles out? Somehow those little dots seem to tell that he fell from a . . . (Kindly draw straight lines between the numbers.)

"bogus" is the corruption of the name of one Borghese. Borghese was a malefactor who about sixty years ago achieved considerable notoriety as a counterfeiter. He did tremendous business supplying his agents throughout the great West and portions of the Southwest with counterfeit greenbacks and bills on fictitious banks.

Western people fell to the habit of shortening the name of this "manufacturer" to Bogus, and his bills as well as all others of like characters were universally styled "bogus currency."

Today the word "bogus" is applied to almost any spurious enterprise.

reduction, effective October 1, was in Salt Lake City, Utah, Sept. 22, posted today at the Garfield Smelter. Approximately 500 men serving more than \$3 a day, including the manager and his men, are affected.

According to the report of a trial published in 1857 in what was then the Boston Courier, the word "prize,"

NEGOTIATING TO LEASE ELEVATOR

Company Officials to Confer With City Council at Early Date, Is Report

Negotiations are under way concerning the lease of the Ogden Point Elevator here. It was rented from various sources yesterday. The elevator has been under lease to the Alberta Wheat Pool and the lease expired on September 15.

It is understood that officials of the Pacific Northwest Terminal Limited will confer with Mayor Herbert Anscomb and the City Council within a week or ten days, when, it is expected, some proposal will be submitted.

The company, together with the City Council, has the services of a Railway Commissioner for Canada for an export rate on grain equal to that enjoyed by the city of Vancouver, but the application was dismissed by the board. What effect the dismissal of the application now under way is not known here at present.

Just Roamin' Around

"This is the day," I was telling Rover, "that, as a boy, I used to find myself back at school, and generally it was with a sort of keen delight that the Summer holidays were over, for in my young days the Summer holidays were a bit tedious."

Of course, in a little Old Country village, there were many things to do, many places to go to, and many people to visit, relations and otherwise, and, of course, the youngest of a large family, the others were all grown up and away, and I had to rely on my own resources most of the time for amusement, climbing trees and the like, and exploring the highways and byways alone.

So it was without a large percentage of joy that I haled the inevitable return to school where the playfellow and sports and excitements that came up for the bit heart-sore at leaving home again for "next term."

And I recall that there were only one or two of my village boor companions who may or may not have been better than I, but the others were in train for Derby, and that I am sure they never fell as do I now in approaching doltage and nonage when the Summer holidays are over and the kiddies have picnicked with and are now back to return to their books and studies in preparation for the greater school of life that is ahead of them all, as it was for me many, many years ago.

SCHOOL IS NEVER "OUT"
In reality, school is never "out." The whole time of our childhood and when old but the latter part of our life is school. The real university is the whole of the periods of adversity that visit us all, at some time or other, throughout our later lifetimes; and, to carry the thought further, our whole term of existence in this mundane sphere is but a part

DULL as a imprisoned bird

Drug-stimulants stifle beauty's bloom

MUDY complexion. Shabby face. Tannin and caffeine (found in mealtime beverages) steal away beauty's bloom. They falsely stimulate the nervous system. Inevitably comes reaction. Nerves get tired through over-stimulation. You're half-ill—listless. And dull!

Try Postum. Millions drink it for better health, sounder sleep, even tempers. Delicious, satisfying, economical. Instantly made in the cup at a cost of about half-a-cent. 90 cups to a 50 cent tin. Or there's Postum Cereal made by boiling or percolating 20 minutes.

Postum

Wise Mothers Know

Many children do not like the taste of milk. They like to have the same drink as the "grown-ups". It is good for them to have a hot drink. Make Instant Postum for them using hot milk (not boiled) instead of boiling water. They'll like the taste immediately.

Free Offer

Make a 30-day test of Postum. We'll start you on your test by giving you your first week's supply free. Write General Foods, Limited, Sterling Tower, Toronto 2, Ontario.

ANSWER TO YESTERDAY'S PUZZLE

What Today Means

"VIRGO"

If September 23 is your birthday, the best hours for you on this date are from 9 a.m. to 11:10 a.m., from 2:30 p.m. to 4 p.m., and from 8:10 p.m. to 10:45 p.m. The darkest hours are from 11:45 a.m. to 1:30 p.m., and from 8:10 p.m. to 8 p.m.

The planetary aspects of September 23 are excellent for all business purposes except buying property, handling leases, etc. The signs favor the young more than the middle-aged, and the former will derive gratification from the prevailing influences. The same, however, is also indicated. Any such trip will be beneficial in results.

Children born on this September 23 will have restless temperaments and skeptical natures. They will putter at several things before discovering the niche in which they fit. Once, however, this is accomplished, they will become an obs. ion, and they will successfully forge ahead. Not very affectionate, but intensely loyal.

You, if born on September 23, have a very versatile mind and are, without a doubt, interested in many subjects. You, however, never exert a dominant opinion on any matter until you have fully studied it. You never voice half-baked ideas. You do not devote much time to outdoor amusements—not as much as you should in the interest of your health. You are very studious, a great reader and a deep thinker.

Your attitude to life is in a serious one, and, lacking a sense of humor,

you can often see only greyness and drabness, when others would find some small factor capable of brightening even sombre hues. You are energetic, and often overtax yourself to the detriment of your physical condition. In matters pertaining to business, you are usually prudent and slow. You rarely, however, make a mistake. As an executive you do not shine. In a position of responsibility, however, where study, research and analysis are required, you excel.

You are susceptible, and your heart is responsive. Often a condition of infatuation, you must avoid marriage founded on any such basis. You must not commit yourself irrevocably just because you think you are in love. You must know you are in love before taking the definite step. Otherwise unhappiness and misery will ensue.

The Veterans' Corner

Members of Pro Patria branch, Canadian Legion, are cordially invited to attend a smoker in the clubrooms at 8 o'clock on Thursday, September 24, when the G. Donald Gray Stock Company will furnish an entertainment.

DRIVE FOR DAYLIGHT SAVING WELL UNDER WAY AT VANCOUVER

VANCOUVER, Sept. 22.—A campaign for establishment of daylight saving in Vancouver and adjoining municipalities next summer is well under way, it is announced. W. E. Bell, B.C. chairman of the committee in charge,

submissions at December civic elections of a by-law providing for daylight saving is the objective of

the committee, which comprises the city and placed in sporting goods stores.

Petitions requesting support for the movement have been sent to various organizations throughout the city and placed in sporting goods stores.

There are two kinds of fishermen—those who fish for sport and those who catch something.
